h. The first results from Census 2021 are now available. These results give communities across Flintshire a glimpse of how our local population has changed in the past decade. Following the first population estimates in June, the ONS will release further results from the census from September onwards. These will include data on ethnicity, religion, the labour market, education and housing. For the first time, it will also include information on armed forces veterans, sexual orientation and gender identity. For more information about Census 2021 results, visit www.census.gov.uk/census-2021-results.

i. The Clerk has received notification of the charges due regarding the May 2022 elections (see attached). Members to approve fees.

11. One Voice Wales Governance and Finance Toolkit – see attached letter from One Voice Wales

The toolkit published will support the council to:

- review the financial management, governance and accountability arrangements the council has in place; and
 - consider how effective these arrangements are, and how they might be improved.
- It will highlight what the council is doing well and give the council peace of mind. It will also help the council to identify where improvements need to be made and guide the council with information on what needs to be done, so the council can best focus its time and resources.

Following recess, the Clerk requests for members to implement an action plan via a working group in order for the council to move forward lawfully and using best practice. The Clerk requests members to consider who would wish to be involved.

12. Standards Committee - Town and Community Council Representative

Flintshire County Council have a position on the Standards Committee for a Town and Community Council Representative. Members to consider nominating someone to sit on the Committee, and forward their name to Tracey Cunnew by no later than **Friday 29th July**.

13. HyNet North West Carbon Dioxide Pipeline - notification under Regulation 11 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017.

Last year the developer of the HyNet North West Carbon Dioxide Pipeline notified the Planning Inspectorate that they intended to undertake environmental impact assessment of their project which led to us contacting the community councils in the vicinity of the project as explained in the attached letter. Unfortunately because of an administrative error Mostyn Community Council was omitted from the original notification. The attached letter provides more detail on this and apologies have been sent. The Planning Inspectorate urge the council to get in touch should there be any queries.

14. CA/ALM New Engagement Bi-monthly meeting

Stephen Roberts (Temporary Chief Inspector) requests a single councillor to represent their colleagues, at the reformed forthcoming CA/ALM meetings (Community Alert/Action liaison Meetings). The forum would consist of a maximum of twelve councillors from Flintshire North. These representatives could change each time to give others the chance to engage. Members to resolve who is to attend the next meeting due to be scheduled end July/beginning of August.

15. Playscheme

Flintshire Summer Playschemes will be delivered in partnership with local town and community councils and Welsh Government.

All games and activities will be organised in compliance with Welsh Government Guidelines for the safe delivery of open access playschemes.

Parents and carers will be able to register online from 1 July. Pre-registration is essential for all site locations. Once registration is complete you will receive an email of confirmation that will include further details.

The Mostyn Playscheme will run for 3 weeks throughout the afternoons. More details can be found on the Flintshire County Council website.

16. Fit, Fed & Read scheme

The Fit, Fed and Read programme is returning after a successful year last summer which across venues had over 3300 attendances and served over 1600 meals in local communities. This year the programme is being funded by the "Summer of Fun" funding pot from Welsh government. If any of the town councillors would like to visit one of the sessions then please inform the Clerk or Dan Williams from Aura Sports.

17. Matchfunding Play Area – Please see attached letter

Flintshire County Council and Aura wish to continue working in partnership with Town & Community Councils on a match-funding basis (£ for £) and seek expressions of interest for the 2022/23 scheme.

To assist members' match-funding decision, Aura's Play Design service has identified the following play area within the wards as being most in need of investment:

- Swanfields Play Area, Rhewl

Aura require confirmation of expressions of interest by 31 July 2022. The outcome of the council's expression of interest will then be reported back at the earliest opportunity. Aura and the County Council cannot guarantee that all expressions of interest will be approved.(see attached budget & bank reconciliation for level of balances).

18. Shaping Wales' Future - See attached document

As a key stakeholder in improving the well-being of future generations, Welsh Government are keen to hear the councils views on the consultation on Shaping Wales' Future: Using National Milestones to measure our Nation's progress (wave two). The consultation closes on the **12 September** should anyone wish to participate. Welsh Government will also be running information webinars for stakeholders to hear about the proposals set out in the consultation and will continue to use the Shaping Wales' Future blog to engage and continue the conversation. If members would like a more in-depth discussion about the proposals please email ShapingWalesFuture@gov.wales.

19. Councillor Allison Gladwin: Representative report

Councillor Gladwin to report on the Wrexham and Flintshire Area committee Meeting attended on Tuesday 5th July.

20. Councillor Kristina Howells: Village planters

Cllr Howells to update members on the prospect of additional planters for the wards of Mostyn and Rhewl and the provision of donated plants. Members to resolve next steps.

21. Councillor James Jackson: Christmas trees

Cllr Jackson wishes members to determine the location of the trees, the provision of trees & lighting and the sourcing of electrical power.

22. Councillor Ray Knight:

Cllr Knight is seeking clarification on responsibility for path posts, ownership of field opposite Lime Bank, and wishes to request bin(s) in the vicinity of Abakhan Fabrics.

23. Councillor Sarah Calvert: Maes Pennant Shop area maintenance

Cllr Calvert requires members to determine a resolution to improve the aesthetics of the shopping parade. (see attached documents for previous minute notes)

24. Councillor Mike Lewis-Jones: – Church event

To report on and seek assistance/attendance at forthcoming Church Open Day to be held on 13th August.

25. Councillor Patrick Heesom:

To report on recent communications regarding the Marine Licence application & public consultation run by Natural Resources Wales (see attached documents).

26. County Councillor reports:

Councillor Pam Banks to update council including possible information regarding Red Street development & possible planning required.

27. Potential agenda items for forthcoming meetings:

a. To discuss the formation of a working group/committee to determine a Mostyn Community Council action plan for the next 5 years to ascertain the needs and wants of the community. E.g. investment & development, food banks/community fridge, mobile bank, litter picks, the development of environmental projects, community engagement etc. To resolve the use of balances/reserves for community issues/projects e.g. lighting

b. Re-adopt outstanding mandatory policies especially risk assessment, privacy notice, complaints procedure & public speaking being mindful of the LGE Act 2021 & the Governance & Finance Toolkit.

(The hybrid Annual Meeting will be held in person at Mostyn Community Centre. Members of the public are welcome to attend this community council meeting either in person or by contacting the clerk to the council for the zoom link a prior to the meeting, should you wish to attend.)

To: Chairs and Clerks of Community and Town Councils

Dear Chair and Clerk

We are delighted to announce the publication of *The Finance & Governance Toolkit for Community and Town Councils* and encourage you to use this practical tool with your council. The toolkit is attached to this letter and can also be accessed through the websites of One Voice Wales and the Society of Local Council Clerks.

Jointly developed by One Voice Wales, the Society of Local Council Clerks and Welsh Government, supported by commentary from Audit Wales, the toolkit has been designed to support all councils to meet their statutory responsibilities, have strong financial management and governance, and to deliver the best outcomes for your communities.

The toolkit will support your council to:

- review the financial management, governance and accountability arrangements you have in place; and
- consider how effective these arrangements are, and how they might be improved.

It will highlight what you are doing well and give you peace of mind. It will also help you to identify where improvements need to be made and guide you with information on what needs to be done, so you can best focus your time and resources.

The toolkit is made up of two parts:-

Part 1 – The health check – practical and easy to use. This would be completed by the clerk, working with the chair or a small group of members as appropriate, to assess whether fundamental governance and financial management arrangements are in place.

Part 2 – The self-assessment – enabling councillors to reflect more deeply on how the council is operating, managing its finances and governing itself. The questions will help the council think through how it is working for, and with, the local community to achieve the greatest impact for their area.

The toolkit contains links to a comprehensive set of training, guidance and support that can be drawn upon to address any areas for improvement. While this is not an audit tool, it will help you assess whether your council is meeting certain statutory requirements that external auditors and the public would expect to see.

The toolkit has been designed to be used flexibly, your council can choose where to prioritise attention and split the toolkit into 'bite-size chunks' that are manageable for you and your council to work through to suit your needs and priorities.

We strongly encourage you to use this toolkit with your councils. What better time than now, at the beginning of a new term of office? You may, for example, find the 'Vision, purpose and community planning' theme in the toolkit an excellent place to start discussions as a new team.

Other resources are available to support you on our websites: a frequently asked questions document and a 'quick start' guide to give you all the information you need to help you start using the toolkit immediately.

Please let us know your experience of using the toolkit in practice as we are keen to continue to refine the toolkit. Please also take the opportunity to discuss this toolkit amongst your networks, share your experience and learn from others.

Dear Sir/Madam

Planning Act 2008 and The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017 (the EIA Regulations) – Regulations 10 and 11

Application by Liverpool Bay CCS (the Applicant) for an Order granting Development Consent for the Hynet North West Carbon Dioxide Pipeline (the Proposed Development)

Notification of the Applicant's contact details and duty to make available information to the Applicant if requested

On 1 June 2021 the Applicant notified the Secretary of State under Regulation 8(1)(b) of the EIA Regulations that they propose to provide an Environmental Statement (ES) in respect of the Proposed Development. The Applicant also requested that the Planning Inspectorate, on behalf of the Secretary of State, give its opinion (a Scoping Opinion) as to the information to be provided in their ES relating to the Proposed Development. In support of this request, the Applicant prepared a Scoping Report which can be accessed using the following links:

- Scoping Report
<http://infrastructure.planninginspectorate.gov.uk/document/EN070007-000022>
- Scoping Report – Appendix A (Part 1 of 3)

- Scoping Report – Appendix B

<http://infrastructure.planninginspectorate.gov.uk/document/EN070007-000021>

The Planning Inspectorate is required to identify consultation bodies which must be consulted before adopting its Scoping Opinion. We have recently become aware that the Community Council should have been identified as a consultation body; however, you were not identified due to a technical error.

The Planning Inspectorate adopted its Scoping Opinion on 14 July 2021, which can be accessed using the following link:

<http://infrastructure.planninginspectorate.gov.uk/document/EN070007-000024>

Although the Scoping Opinion has been adopted and will not be amended, you may wish to provide the Planning Inspectorate with comments on the Applicant's Scoping Report. Any comments the Planning Inspectorate receives will be forwarded to the Applicant for information and will be published on the Planning Inspectorate's National Infrastructure Planning website consistent with our openness policy, with an acknowledgement of the technical error as the cause for the late response in that instance.

In order to support the smooth facilitation of our service, we strongly advise that consultation bodies respond via the email identified below rather than by post. Responses to the Planning Inspectorate regarding the Scoping Report should be sent by email to Hynetco2pipeline@planninginspectorate.gov.uk.

As the Planning Inspectorate has been notified by the Applicant that it intends to prepare an ES, the Planning Inspectorate is also informing you of the Applicant's name and address:

Mike Greslow WSP Ltd
8 First Street
Manchester M15 4RP

info@hynet.co.uk

You should also be aware of your duty under Regulation 11(3), if so requested by the Applicant, to make available information in your possession which is considered relevant to the preparation of the ES.

If you have any queries, please do not hesitate to contact us.

Yours faithfully

Dear Clerk,

Match Funding Scheme Improvements to Children's Play Areas 2022/23

I am pleased to advise that Flintshire County Council has allocated £105,000 from its 2022/23 budget for the match-funding of improvement works to children's play areas.

Flintshire County Council and Aura wish to continue working in partnership with Town & Community Councils on a match-funding basis (£ for £) and seek expressions of interest for the 2022/23 scheme.

It is important that the County Council targets its future investment towards those sites of greatest need in terms of play deprivation and strategic importance. During 2020/21, Aura commissioned an independent play consultancy to carry out a condition survey of each of the County Council's near 200 outdoor play areas. In addition, a strategic review of fixed play provision and a capital investment plan have been produced. As per last year, the 2022/23 match-funding scheme is, therefore, aligned to the recommendations of the independent play review and based upon the following principles:

- Only sites identified by the play survey as requiring an upgrade and investment will be considered to meet the match-funding criteria.
- Prior to 2021/22, a maximum contribution of £10,000 per scheme had been applied. However, as with last year, expressions of interest in excess of £10,000 will continue to be considered for the 2022/23 match-funding scheme. Please note that such requests will be assessed on a case-by-case basis and must align to the County Council's investment strategy.

The County Council seeks support for and engagement with the match-funding scheme from all Town & Community Councils. Once this support is established, the County Council will recognise the additional play investment needs of towns and villages through the appropriate allocation of capital funding.

To assist your members' match-funding decision, Aura's Play Design service has identified the following play area within your community as being most in need of investment:

- **Swanfields Play Area, Rhewl**

In order that we have an agreed programme in place, I would be grateful if you can confirm your expression of interest to Richard Roberts, Aura's Play Design Officer, by 31 July 2022. The outcome of your expression of interest will then be reported back to you at the earliest opportunity. I also need to advise that Aura and the County Council cannot guarantee that all expressions of interest will be approved.

The 2022/23 match-funding scheme is being managed and delivered by Aura Leisure & Libraries Ltd in partnership with the County Council. Should you require any further information, please do not hesitate to contact Richard Roberts on 01352 702466 or via richard.roberts@aura.wales.

Thank you for your continued support of children's play.

Yours sincerely,

Today we have published the consultation on [Shaping Wales' Future: Using National Milestones to measure our Nation's progress \(wave two\)](#) - Proposals for setting the second wave of national milestones for Wales.

It is important that we draw on the views and experiences of people across Wales as we carry out this work and we invite you to contribute. As a key stakeholder in improving the well-being of future generations, we are keen to hear your views on the proposals. The consultation closes on the **12 September** so there is plenty of time for you to respond and share your thoughts and we want to hear from as many people as possible on the proposals.

We will be running information webinars for stakeholders to hear about the proposals set out in the consultation and will continue to use the [Shaping Wales' Future blog](#) to engage and continue the conversation. If you would like a more in-depth discussion about the proposals please email ShapingWalesFuture@gov.wales.

We would also appreciate your support in raising awareness of this work through any newsletters or networks that you might run. If you have any engagement events of your own you would like to us to come along to share this work, please let us know.

The Welsh Government is committed to using the Well-being of Future Generations framework to create a stronger, fairer, greener and more compassionate Wales, addressing the unprecedented challenges we face. Our focus through our Programme for Government is on the ways we can improve the lives of people in Wales both now and in the future.

We are looking forward to hearing from you and working together to shape Wales' future.

Many thanks

Agenda item 23

April 2021

at Mostyn Shops

RESOLVED: The clerk to order x3 dog/waste glove dispensers for Mostyn/Rhewl.

7b. To consider the area by Mostyn Shops and receive initial feedback from Streetscene.

Following discussion with Mr Paul Brockley, Flintshire County Council Officer he has advised his team to go in and clean the area and has written to the tenant regarding bags behind the property. In relation, to the planters on the shop area, he advised the two green areas of grass are in Streetscene responsibility to a further discussion will be required with Mr Seaburg. The clerk will contact Mr Seaburg who had provided a contact of Boxap which County use also about the practicalities of the correct planters for the area. County Councillor Heesom offered to meet with some members to consider the area in due course.

7c. To receive communication from Mr Steve Jones, Chief Officer Streetscene in relation to road surfacing and the footway works programme for 2021/2022.

July 2021

8. To consider quotes for Planters for Mostyn shop front area.

The clerk had circulated information / options on planters from Boxap and Plantscape as suggested by Flintshire County Council and the Clerks magazine and asked councillors for suggestions on local providers.

A lengthy discussion took place, and it was agreed that councillors would bring other provider options to the September meeting. County Councillor Heesom would discuss with Mr Paul Brockley, Flintshire County Council Valuation and Estates. The clerk has previously been informed by Mr Brockley if Mostyn Community Council were to use the green spaces in front of the shops this would be the responsibility of Streetscene, Nigel Seaburg has confirmed this and should the planters be purchased by Mostyn and installed by Streetscene it would be Mostyn Community Councils responsibility for maintenance and upkeep.

September 2021

at Mostyn.

Members were pleased to learn that the defibrillator in Mostyn was used in recent weeks and saved a life of a gentleman.

9. To receive an update on the Planters for Mostyn shop front area

Members discussed, as an alternative to planters which could be high maintenance to enquire with Flintshire County Council about planting a few small trees as part of the project to encourage more tree planting in the County. The clerk was requested to make enquiries with streetscene or appropriate officer.

10. To consider locations of dog waste bins and any more additional dog waste bag dispenser points.

How to get involved in the marine licence process

Due to its energy-generating capacity being above 350MW, the Awel y Môr offshore wind farm (AyM) is categorised as a nationally significant infrastructure project and, as such, requires a Development Consent Order (DCO) from the UK Government.

As responsibility for the environment and fisheries resides with the Senedd, AyM must also have consent from Welsh

Government for the parts that lie in Welsh territorial waters. This comes in the form of a marine licence which is determined on behalf of Welsh Government by Natural Resources Wales (NRW).

While the processes for receiving a marine licence and a DCO will run together, there are some differences in the timescales as well as the opportunities to get involved.

The DCO process in a nutshell

The DCO application for AyM was submitted on 20 April and was accepted for consideration by the UK Planning Inspectorate (PINS) on 18 May.

Individuals and organisations have been invited to register with PINS as 'interested parties' by 11:59pm on Wednesday 6 July, by submitting a 'relevant representation'. This should give notice of any interest in, objection to, or support for the overarching proposals. Please refer to the section 56/Acceptance notice for advice.

Only registered interested parties can take part in the examination, which is expected to begin in September and run for a period of six months. Three months after the examination closes, PINS will make a recommendation to the UK Secretary of State for Business, Energy and Industrial Strategy, who will have a further three months to make a decision on the application.

Our application for a marine licence was submitted after the DCO application, on 30 May, the small gap enabling us to ensure the applications are based on the same information.

Our application to NRW has undergone a validation process to check our documents are complete and in line with regulations before being declared "duly made" on **20 June**. NRW will now undertake a consultation on the ML application, running from **Wednesday 6 July - Wednesday 17 August** (42 days), with notices being published in line with regulations.

If you wish to respond to the consultation, there is no registration process (as for the DCO); representations or objections in respect

of the application should be made in writing to: **Marine Licensing Team, Cardiff Permitting Service, Natural Resources Wales, 29 Newport Road, Cambria House, Cardiff, CF24 0TP**, or through <https://ymgyngori.cyfoethnaturiol.cymru/english> quoting reference: **ORML2233**.

In your representation/objection please include an email or postal address to which correspondence may be sent.

Please be aware that representations received will be shared with the applicant and may be made publicly available, after redacting personal details in line with General Data Protection Regulation.

The marine licence documents, including the guide, can be found here: <https://awelymor.cymru/marine-licence-application/>

Please note: To avoid confusion and minimise duplication of effort for all, the marine licence application essentially comprises the marine elements of the DCO application (i.e. with onshore DCO chapters removed). Generic DCO chapters that cover both on and offshore matters have been retained where relevant. A guide to the marine licence application is included in the documents to help readers find their way around.

Individuals and organisations can make similar submissions to both the DCO and marine licence processes but should bear in mind that the DCO is interested in all aspects of AyM while the marine licence, as its name suggests, will focus on offshore elements only.

If you have any questions about the processes, whether you support or oppose the proposals or you haven't yet decided, the Awel y Môr team will be more than happy to assist; our contact details are below.
